Burble Manifest

We use Burble Software to manage loads, flights and jumpers. This is used by many dropzones around the world. If you already have an account, that's perfect. If you haven't, we encourage you to sign up before you travel to Voss. This saves time when you arrive. And please tell all your team members to do so!

Web: <https://burblesoft.com/login/me>

Apple : <https://apps.apple.com/us/app/burbleme/id835467501>

Android: https://play.google.com/store/apps/details?id=com.burble&hl=en_US&pli=1

Make sure you have added Skydive Voss as a dropzone, and checked in. This must be done before you arrive. Please also update your details in the app
